Calibration

Cost: \$2495 per person

Location: GCTI and other potential locations

Meals provided: breakfast & lunch

Description:

This Calibration Course starts by providing maintenance and engineering personnel with a basic understanding of numerous pressure and temperature technologies. This basic portion will focus on concepts applicable to virtually any manufacturer's equipment as well as skills needed to set up and maintain such equipment. Introductions and lectures on the technologies will be followed with in-depth demonstrations and hands-on training exercises. The course combines classroom and hands-on training on the GCTI Advanced Process Training Units; a full scale working process skid with on-line instrumentation and controls.

Length: 4 day course

Time: 9:00 AM - 4:30 PM

Specific topics covered:

- Safety First
- Pressure Transmitters
- Differential Pressure Transmitters Flow
- Differential Pressure Transmitters Level
- Diaphragm Seal
- Temperature Transmitters
- RTD / Thermocouple Sensors
- Control Valve Calibration and I/P transducers
- Communication Tools & Methods

2025 Course offerings (all times are 9:00 a.m. to 4:30 p.m.):

June 2nd - 5th

July 7th – 10th

Sept 1st - 4th

Nov 10th - 13th
